

Expunere de motive

În București sunt 374 de clădiri expertizate tehnic și încadrate în clasa I de risc seismic, dintre care 190 prezintă pericol public. În clasa II de risc seismic sunt încadrate 302 clădiri.

Astfel, prezentul proiect de lege are ca scop urgentarea demarării lucrărilor de consolidarea a clădirilor vechi, prin introducerea unor noi contravenții și sancțiuni. Întrucât majoritatea clădirilor au în folosință spații destinate publicului larg, punând astfel în pericol siguranța populației, sperăm ca noile sancțiuni să responsabilizeze proprietarii acestor clădiri.

Față de cele de mai sus, vă înaintăm prezenta propunere legislativă spre dezbatere și adoptare, **în procedură de urgență**, conform art. 107 din Regulamentul Senatului.

În numele nițiatorilor:

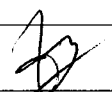

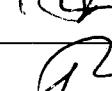

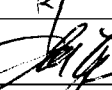

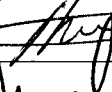

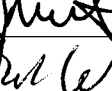

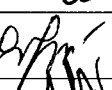

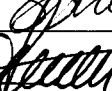

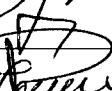

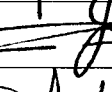

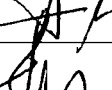

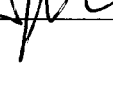

Senator Darius Bogdan Vâlcov

LEGE

**pentru modificarea art. 21 din OG nr. 20/1994 privind măsurile
pentru reducerea riscului seismic al construcțiilor existente**
