

EXPUNERE DE MOTIVE

Rezultatele examenului de bacalaureat din anul 2011 au adus în situația de debusolare circa 100.000 de absolvenți de liceu.

Modul în care au fost abordate subiectele, lipsa pregătirii corespunzătoare a cadrului general al examinării au condus la nepromovarea examenului de bacalaureat de mulți dintre elevii cotați cu rezultate profesionale bune pe parcursul anilor de liceu.

În absența unor măsuri de inserție pe piața muncii va crește îngrijorător de mult riscul unor derapaje de la o evoluție personală și în cariera profesională normală.

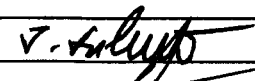

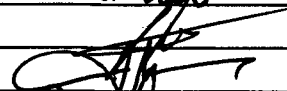

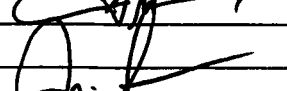

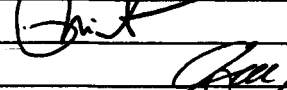

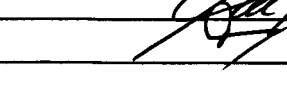

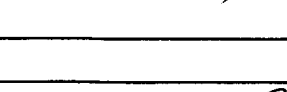

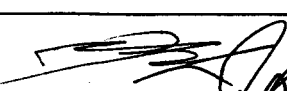

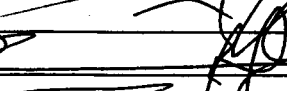

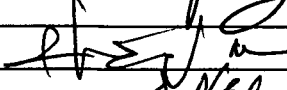

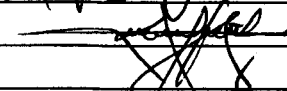

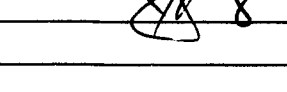

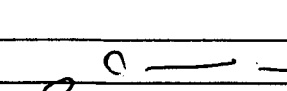

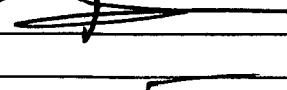

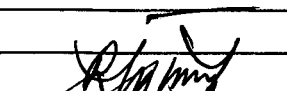

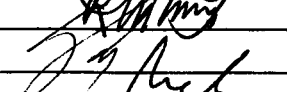

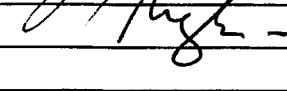

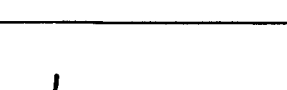

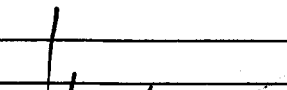

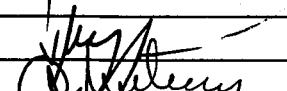

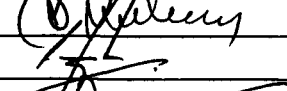

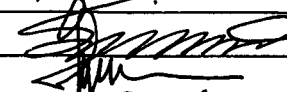

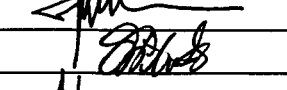

Ca urmare, inițiatorii acestui act normativ consideră de datoria Parlamentului să intervină cu măsuri care să-i sprijine pe cei capabili și interesați de formarea lor profesională.
